

ANOTHER GAME OF CHANCE

Attention was lately called to gambling going on in the Cliff Dwellers' section of the city. It is not necessary to go out to visit the Cliff Dwellers to find a game of chance going on. All those people who are not protecting their homes and belongings by insurance are playing with chance. Just a little carelessness on the part of some one and the savings of years are gone. Assure yourself against loss and relieve yourself of worry by insuring. We issue best policies on dwellings, furniture, etc.

The Criterion has a jobbing department that beats the world—and it is so private that your wife could drive to the door and have an order filled and no one would suspect it was for encouragement she had stopped. You'll tell the missis about it."

DESKY IS
DOING THINGS

Editor Advertiser: Kamehameha III. built a road up the east side of Kalihi Valley. Kamehameha IV. built one up the west side. I have built a road connecting the two, including a bridge across the Kalihi stream, completing a "loop" around the valley.

It opens up 120 acres of land immediately adjoining, and of the same quality as that sold five years ago, in city lots, for \$2250 an acre. It is fine agricultural land and will raise anything.

I have secured this land at a bargain and believe in small profits and quick sales.

The new suburb has been named "Bellaire." It is an ideal spot for a country home, and is only twenty minutes drive from the post office.

I have sold 33 acres in the last three months. There are 87 acres left.

While it lasts, I will sell this land for from \$200 to \$400 an acre; one-fourth cash; the balance in 6, 12 and 18 months at 6 per cent interest.
